Student Project Proposal

Name of Student:	Respeto Sofia Amihan Molase			Admin No.:	2300600J
School:	<input type="checkbox"/> ASC <input type="checkbox"/> BUS <input checked="" type="checkbox"/> IIT <input type="checkbox"/> DES <input type="checkbox"/> ENG <input type="checkbox"/> HSS	Current Year of Study:	<input type="checkbox"/> 1.1 <input type="checkbox"/> 1.2 <input checked="" type="checkbox"/> 2.1 <input type="checkbox"/> 2.2 <input type="checkbox"/> 3.1 <input type="checkbox"/> 3.2	Diploma:	Information Technology
Project Category:	<input checked="" type="checkbox"/> Professional Skills & Development (e.g. Competitions, certifications) <input type="checkbox"/> Entrepreneurship & Innovation <input type="checkbox"/> Sports & Arts Leadership <input type="checkbox"/> Sustainable Development <input type="checkbox"/> Others			If you have chosen others, please specify:	Nil
Project/Competition Name:	Please indicate the name of competition/certification if applicable. If not applicable indicate N.A. WorldSkills Singapore 2025 - Mobile Applications Development				
Personalised Project Title:	Nil				
Target beneficiary/beneficiaries (if applicable):	Nil			Project Partner (if applicable):	Nil
Competition Criteria (if applicable):	https://worldskills.sg/				
My Learning Goals	Learning Goal: <i>E.g. to work on my marketing skills.</i>				

GUIDED LEARNING

TGL1001

	<p>Please state at least 1 learning goal. Refer to Sample Proposal in LMS. 2 or 3 goals will suffice.</p> <p>I hope to be able to deepen my technical skills in mobile app development by improving my problem-solving and analytical skills to identify and resolve problems in a timely manner.</p> <p>Through this Guided Learning Module, I'll be able to enhance my ability to analyse project requirements and design systems to address these requirements.</p>
What is my project about?	<p>What am I going to do? (50 words)</p> <p>My aim of the project is to develop an individual mobile application base as part of the training to prepare for the World Skills competition. I also wish to expand more on different kinds of mobile developments outside of my MBAP syllabus and this would give me the relevant exposure.</p>
	<p>How am I going to do it? (100 words)</p> <ul style="list-style-type: none"> -Complete my MBAP Syllabus by the end of June to give me a solid foundation on Mobile App Development -Find online resources to kickstart my World Skills journey (Example: Online video sources) -Plan and outline the foundation and design of my application solution -Develop mobile application, integrating SCRUM through constant iterations -Test and improve mobile application, consulting the teacher if I have questions along the way while learning/developing -Reflection about my learning process / What went right / What went wrong / How could I improve
	<p>E.g. Report, prototype, checklist, glossary of terms, reflection, draft designs, surveys, survey analyses, interview transcripts, etc. (50-100 words).</p> <p>Plan Stage: Outline of the design of my solution (Include a Word/PPT document)</p> <p>Perform Stage: Develop mobile application (Link the application to my e-portfolio)</p> <p>Monitor Stage: Test mobile application to check whether it meets the requirements (Word document with the test results)</p> <p>Reflect Stage: Reflection about my learning processes + Photo evidence of my experience (PPT document)</p>
What else would I like to say about my project?	<p>Share how this project is important or meaningful to you personally.</p> <p>E.g. I have never done marketing before. Now I have a product which I would like to market. I really hope to pick up some useful skills and ideas on how to market my product and get opportunity to meet some industry expert to mentor me.</p>
	<p>Additional background information/remarks on the competition/project:</p> <p>The WorldSkills Singapore competition will be held in April 2025. An internal qualifying round will be conducted at the end of the year where the top two competitors will represent Temasek Polytechnic in the competition.</p>
